DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

Applicant filed an Information Disclosure Statement (IDS) on 18 April 2005 for which the Office originally returned a Form 1449 with the Office Action mailed 16 June 2006, including nine references that were crossed out as having been not considered. Upon review of that 1449, further errors were found that necessitated correction. A corrected version of this 1449 was mailed to Applicant with the Notice of Allowance mailed 19 June 2007, with the same nine references still crossed out because they had not been submitted with the original IDS on 18 April 2005.

It has been noted that between the sending of the first and second versions of that 1449, the nine crossed-out references were submitted in a second IDS on 18 September 2006 and acknowledged in the Form 1449 for the second IDS mailed 22 February 2007.

A new copy of the 1449 from the IDS mailed 18 April 2005 has been made with the nine references being initialed as having been considered, in order to clarify that these nine references have in fact been fully considered by the Office.
